

Garda Representative Association

22nd February 2022

Each Member,
Garda Representative Association.

The roster negotiations are ongoing under the Westmanstown process. Negotiations are complex, time consuming and progress has been slow. The Association is acutely aware of the anxiety and stress that uncertainty is causing. The Association is committed to engaging in the process, and negotiations will intensify over the next two weeks up to and including the 11th March 2022 when an update to the membership will issue.

Your continued patience at this time of uncertainty is appreciated.
